Accessories and Cleaners

Jewelry Polishing Cloth - CA107
Directions: Clean with dark red cloth. Rub surface briskly with dark rouge cloth to remove tarnish. Article being cleaned should be completely dry. If badly soiled, slight moistening of tarnished area will help restore the fine finish. Polish with light cloth to heighten luster.
$5.00

No Tarnish Protector Strip - CA105
Directions: Place jeweler's "no tarnish" protector strip in an enclosed area such as a drawer or jewelry box with items requiring tarnish protection. Place printed side of strip down with blank side exposed to air. Each strip protects one cubic foot of space. Replace strips at least every six months, or more often if exposed to air.
$4.00

Pierced Ear Protectors - CA102
Directions: Take two sleeves and two backs from package and clean with alcohol. Gently slide the protective sleeve all the way onto the earring post. If necessary, trim so clutch will fit on post. Push earring through ear and carefully slide the clutch onto the post.
Contents: 8 sleeves and 4 backs.

Artisan Earrings

Yellow Jade Teardrop Earrings - JCL084
Handcrafted Yellow Jade Teardrop Earrings. Created using an 10mm yellow jade teardrop which hangs from a 10mm sterling silver round drop. The earring hangs from a surgical steel French earwire.

The earring measures approximately 7/8 inch (22mm) from the top of the earwire.

The earwire itself is made from a base of surgical grade stainless steel and then polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out.

Sensitively Yours brings you a variety of handmade artistic designs that have been very much appreciated by our customers. All of the works are designed to display a look of class and charm while also being easy to wear.

$21.95

Orange Carnelian in Organic Silver Frame Earrings - JCL085
Handcrafted Orange Carnelian in Organic Silver Frame Earrings. Created using a 5mm round orange carnelian bead which hangs within a 14mm sterling silver organic frame. The earring hangs from a surgical steel French earwire.

The earring measures approximately 1/2 inch (14mm) from the top of the earwire.

The earwire itself is made from a base of surgical grade stainless steel and then polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out.

Sensitively Yours brings you a variety of handmade artistic designs that have been very much appreciated by our customers. All of the works are designed to display a look of class and charm while also being easy to wear.

$21.95

Red Coral in Round Silver Frame Earrings - JCL086
Handcrafted Red Coral in Round Silver Frame Earrings. Created using a 5mm round red coral bead which hangs within a 11mm sterling silver round frame. The earring hangs from a surgical steel French earwire.

The earring measures approximately 5/8 inch (16mm) from the top of the earwire.

The earwire itself is made from a base of surgical grade stainless steel and then polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out.

Sensitively Yours brings you a variety of handmade artistic designs that have been very much appreciated by our customers. All of the works are designed to display a look of class and charm while also being easy to wear.

$21.95

For your sensitive ears ... Shades Of Purple Earrings handcrafted by Christie Leighton Jewelry. Created using four 4 millimeter Swarovsk® crystal cube beads in shades of purple hanging from a 6 millimeter Sterling silver ring. The earring is mounted on a French hook earwire. The earwire itself is made from a base of surgical grade stainless steel and then polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out. The earring measures approximately 25mm (1 inch) from the top of the earwire.

Christie brings to Sensitively Yours a wide variety of handmade artistic designs that have been very much appreciated by our customers. All of her works are designed to display a look of class and charm while also being easy to wear. Most of the styles Christie displays at Sensitively Yours website are from the very same collections she markets in her local craft shows in and around Fort Collins, Colorado. Found nowhere else on the Internet, the Christie Leighton Jewelry is exclusively offered at our site. She creates the most elegant styles that are several notches above most of the hypoallergenic earrings.

3mm Cubic Zirconia January Birthstone Earrings - JAZ101G

January Birthstone Earrings for sensitive ears: Hypoallergenic gold earrings serve as an excellent choice for anyone with pierced ears. Whether they have been recently pierced or have been wearing pierced earrings for a long time, hypoallergenic gold earrings ideally fill the need. Durable, lightweight, easy to care for, and affordable, crystal studs fit your daily wardrobe perfectly. These earrings have a blunt, notched post for all day long wearing. The base material is surgical stainless steel for your hypoallergenic protection against irritation and also plated in 24k gold. Well-balanced and full of fire like expensive diamonds at a fraction of the cost.

The hypoallergenic metal finding and post are made from high grade surgical stainless steel and plated in pure gold at 5-10 mils thick. These cubic zirconia earrings have a diamond-like quality, and can stand on their own or accompany another pair in a second hole. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Approximately 1/8 inch (3mm) diameter in size.

The Sensitively Yours allergy free line of products originate from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings work as the best solution for metal allergies. Sensitive ears have also been protected through the use of surgical steel, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

This is the "Fashion" style and is not "for piercing". These earrings have a blunt, notched post for comfortable wear all day long. The base metal is stainless steel for your hypoallergenic protection against irritation.

The hypoallergenic metal base and post are made from a base of high grade surgical stainless steel and plated in pure gold. These birthstone earrings are bursting with color, perfect for children of any age. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Since 1976, Studex has been an industry leader in manufacturing fashion earrings for sensitive ears. They have uncompromising commitment to quality. They exceed US FDA regulations and EC standards. They strive to provide customers with the highest quality products, and they are now at your fingertips with Sensitively Yours.

In addition to their commitment to quality, they are also entirely made in the USA. They manufacture all their products and components in their own American-based facilities. Close attention is given to quality control and a superb finished product. Backed by a lifetime guarantee against reaction, Sensitively Yours is pleased and proud to carry their line of Sensitive Earrings.

$11.95

January Birthstone Garnet Earrings - JCL001

Hypoallergenic earrings in January Birthstone Garnet handcrafted by Christie Leighton Jewelry. Created using a 6mm genuine faceted Swarovski crystal simulated pendant hanging from a ball post. The parts and post are made from a base of jewelry grade surgical stainless steel and then polished to a beautiful silver sheen. These birthstone earrings are delicate, vivid, and gorgeous, wearing well for any purpose or outing. Each pair is accompanied by a set of earring backs (butterfly style) made with the same 304 stainless steel material. The grooved post provides a snap fit so you can wear them in any activity without the risk of losing them. Additionally, like all our styles, they are easy to clean with a cloth, if needed. Highly durable and safe to wear in the shower or to bed. Size: The crystal hangs approximately 1/3 inch (10mm) below the post.

As Always ...

The Sensitively Yours allergy free products are made from metals with a long history of effectiveness in avoiding any allergic
reaction to earrings. The surgical steel earrings have been the top solution to address a metal allergy. Sensitive ears are also protected by the use of pure gold plating for our gold styles, to stop the reaction caused by nickel allergy. Targeted on creating and offering the best in earrings for sensitive ears, Sensitively Yours tests and selects the styles that are both beautiful and safe. Countless customers over the years from customers who were allergic to earrings now have found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

September Birthstone Sapphire Earrings - JCL009
Hypoallergenic earrings in September Birthstone Sapphire handcrafted by Christie Leighton Jewelry. All of the parts are made from high grade surgical stainless steel and then polished to a beautiful silver luster. These birthstone earrings are bursting with color and classy, an excellent choice for any setting. Every set comes with a pair of earring backs (clutches) also made with surgical stainless steel. The notched post provides a safe click-fit so you can wear them in any activity without the risk of them falling out. Also, like all our items, they can be easily cleaned with a quick buff of a cloth, if even needed. Highly durable and fine to wear in the shower or to bed. Size: The crystal hangs approximately 1/3 inch (10mm) below the post. $9.95

October Birthstone Rose Earrings - JCL010
Hypoallergenic earrings in October Birthstone Rose handcrafted by Christie Leighton Jewelry. Created using a 6mm genuine faceted Swarovski® rose crystal dangling from a post made of high grade surgical stainless steel. The parts and post are made from a base of jewelry grade surgical stainless steel and then polished to a high silver shine. The October Birthstone Rose Earrings are vivid, dainty, and classy, great for any purpose or event. Each pair comes with a set of earring backs (clutches) made with the identical surgical stainless steel material. The notched post gives you a secure fit so they can be worn in any circumstance without the risk of them getting lost. Also, like all our offerings, their shine is restored with a quick buff with a cloth, if needed. Wonderfully durable and fine to wear in the shower or to bed. Size: The crystal hangs approximately 1/3 inch (10mm) below the post. $9.95
November Birthstone Topaz Earrings - JCL011

Hypoallergenic earrings in November Birthstone Topaz handcrafted by Christie Leighton Jewelry. Created using a 6mm genuine faceted Swarovski® crystal simulating topaz dangling from a post made of high grade surgical stainless steel. The parts and post are made from a base of high grade surgical stainless steel and then polished to a super silver luster. These birthstone earrings are colorful, lively, and classy, perfect for any setting and any age. Each pair comes with a set of earring backs (clutches) made with the same surgical stainless steel material. The grooved post provides a secure fit so you can wear them in any venue without the risk of them getting lost. Additionally, like all our styles, they shine with a quick buff of a cloth, if needed. Very durable and safe to wear as well in the shower or to bed. Size: The crystal hangs approximately 1/3 inch (10mm) below the post.

Here’s the best part ...

The Sensitively Yours allergy free line of products is made from metals and materials with a long history of success in preventing any allergic reaction to earrings. The surgical steel earrings have been the “go-to” solution for metal allergy. Sensitive ears have also been protected through the use of pure, 24k gold, to avoid the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

Bridal Earrings

Sterling Silver Triangle with 3 Pearls - JCL076
For your sensitive ears ... Sterling Silver Triangle with 3 Pearls handcrafted by Christie Leighton Jewelry. Created using a sterling silver triangle and three 4mm Swarovski hanging pearls. The earring hangs from a surgical steel French earwire. The earwire itself is made from a base of surgical grade stainless steel and then polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out.

Christie brings to Sensitively Yours a wide variety of handmade artistic designs that have been very much appreciated by our customers. All of her works are designed to display a look of class and charm while also being easy to wear. Most of the styles Christie displays at Sensitively Yours website are from the very same collections she markets in her local craft shows in and around Fort Collins, Colorado. Found nowhere else on the Internet, the Christie Leighton Jewelry is exclusively offered at our site. She creates the most elegant styles that are several notches above most of the hypoallergenic earrings.

Sterling Silver Triangle with 3 Pearls Earrings by Christie Leighton Jewelry. The earring measures approximately 1 inch (26mm) from the top of the earwire.

Whether they have been recently pierced or have been wearing pierced earrings for a long time, hypoallergenic gold earrings ideally fill the need. Durable, lightweight, easy to care for, and affordable, crystal studs fit your daily wardrobe perfectly. These earrings have a blunt, notched post for all day long wearing. The base material is surgical stainless steel for your hypoallergenic protection against irritation and also plated in 24k gold. Well-balanced and full of fire like expensive diamonds at a fraction of the cost.

The hypoallergenic metal finding and post are made from high grade surgical stainless steel and plated in pure gold at 5-10 mils thick. These cubic zirconia earrings have a diamond-like quality, and can stand on their own or accompany another pair in a second hole. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Approximately 1/4 inch diameter in size.

The Sensitive Yours allergy free line of products originate from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings work as the best solution for metal allergies. Sensitive ears have also been protected through the use of surgical steel, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

**Stainless Steel Daisy AB Crystal March Aquamarine Earrings - S6153WSTX**

Earrings for sensitive ears in stainless steel crystal daisies. Dazzling in the light, these Studex Stainless Steel Daisy AB Crystal March Aquamarine Earrings are ideal for all kids. This type is the "Fashion" style and is not "for piercing". Each of the earrings have a rounded, notched post for secure wear all day long. The base metal is constructed of surgical stainless steel for hypoallergenic protection against reactions and then polished to a mirror finish. Their size is approximately ¼ inch in diameter.

The daisy styles are a big hit with kids. With six crystals in each setting, this design captures the light at every angle. The Aurora Borealis crystals sparkle with an iridescent multi-color effect named for the northern lights, and the aquamarine blue center perfectly complements the look. Each pair comes with a set of earring backs made with the same surgical stainless steel material. The grooved post provides a secure fit so they can wear them without losing them. Beautiful and tough, they are also fine to wear in the shower, bath, or to bed.

Since 1976, Studex has been an industry leader in manufacturing fashion earrings for sensitive ears. They have uncompromising commitment to quality. They exceed US FDA regulations and EC standards. They strive to provide customers with the highest quality products, and they are now at your fingertips with Sensitively Yours.

In addition to their commitment to quality, they are also entirely made in the USA. They manufacture all their products and components in their own American-based facilities. Close attention is given to quality control and a superb finished product. Backed by a lifetime guarantee against reaction

**Gift Box of 5 Children's Gold Earrings - GB008**

Five matching styles of childrens earrings for sensitive ears put together in one collection for your shopping ease. Marked down $1.00 off of each style, saving $5.00 off of the price to buy each separately. Here are 5 of our most loved children's earring styles in gold, assembled for you in one gift box, perfect for every occasion. Each of the styles was chosen from our most popular styles of children's earrings that the kids love to wear.

The parts and post are made from a base of high grade surgical stainless steel and then given a thick layer of gold plating for extra protection. These children's earrings are cute, fun, and full of character. Each pair comes with a set of earring backs (clutches) made with the same surgical stainless steel material and gold plating. The grooved post provides a secure fit so they can wear them anywhere without the risk of them falling out.

Like all of our earrings, each of these childrens earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time the wearer develops a reaction, we will take the earrings back and refund you your purchasing cost. It's very rare that such a sensitivity increase happens, but if it does, you can rest assured that you can get your money back.

$50.75 $45.75

**Gift Box of 5 Children's Gold Earrings - GB007**

Excellent choices! Five matching styles of childrens earrings for sensitive ears assembled in one spot for your shopping pleasure. Marked down $1.00 off of each style, saving $5.00 off of the price to buy each separately. Here are 5 of our most loved children's earring styles in gold, brought together for you in one gift box, ideal for any occasion. Each of the styles were picked from our most popular designs of children's earrings that the kids love to receive for birthdays, celebrations, or just because you love them.

Parents and grandparents alike appreciate the simplicity of the gift box method. It saves time over selecting them individually and automatically gives them a combination of carefully chosen themes. Getting this assortment is like getting a whole week's worth of different earrings – a different one for each day!

The shape and post are made from a base of high grade surgical stainless steel and then given a thick layer of gold plating for full protection. These children's earrings are cute and fun. Each pair comes with a set of earring backs (clutches) made with the same surgical stainless steel material and gold plating. The notched post provides a safe fit so they can wear them anywhere and any place without the risk of them falling out.

Gold Plated Butterfly Emerald Earrings - S2005STX

Studex Gold Plated Butterfly Emerald (Sensitive)

Earrings for sensitive ears in gold plated butterflies. Sparkling and dazzling, these Studex Gold Plated Butterfly Emerald Earrings are wonderful for kids of all ages. This type is the "Fashion" style and is not "for piercing". Each of the earrings have a rounded, notched post for safe and secure wear all day long. The base metal is constructed of stainless steel for hypoallergenic protection against reactions and then plated in pure gold. Their size is approximately ¼ inch wide.

These crystals in the butterfly pattern are quite striking. It's like wearing a sparkling, colorful crystal butterfly in each ear! Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in 24k gold. The grooved post provides a secure fit so anyone can wear them without the fear of them falling out. Very durable and safe to wear in the shower, bath, or to bed.

Since 1976, Studex has been an industry leader in manufacturing fashion earrings for sensitive ears. They have uncompromising commitment to quality. They exceed US FDA regulations and EC standards. They strive to provide customers with the highest quality products, and they are now at your fingertips with Sensitively Yours.

In addition to their commitment to quality, they are also entirely made in the USA. They manufacture all their products and components in their own American-based facilities. Close attention is given to quality control and a superb finished product. Backed by a lifetime guarantee against reaction, Sensitively Yours is pleased and proud to carry their line of Sensitive Earrings.

Cubic Zirconia Earrings

4mm Cubic Zirconia Gold Earrings - JAZ120G

Earrings for sensitive ears in 4mm Cubic Zirconia Gold Earrings: Hypoallergenic stainless steel earrings serve as an excellent choice for anyone with pierced ears. Whether they have been recently pierced or have been wearing pierced earrings for a long time, hypoallergenic stainless steel earrings ideally fill the need. Durable, lightweight, easy to care for, and affordable, crystal studs fit your daily wardrobe perfectly. These earrings have a blunt, notched post for all day long wearing. The base material is surgical stainless steel for your hypoallergenic protection against irritation and are comfortable wearing from morning until night and beyond. Well-balanced and full of fire like expensive diamonds at a fraction of the cost.

The hypoallergenic metal finding and post are made from high grade 304 grade surgical stainless steel and polished to a mirror finish. These cubic zirconia earrings have a diamond-like quality, and can stand on their own or accompany another pair in a second hole. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Approximately 1/8 inch diameter in size.

The SENSITIVELY YOURS allergy free line of products originate from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings work as the best solution for metal allergies. Sensitive ears have also been protected through the use of surgical steel, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

The base material is surgical stainless steel for your hypoallergenic protection against irritation and also plated in 24k gold. Well-balanced and full of fire like expensive diamonds at a fraction of the cost.

The hypoallergenic metal finding and post are made from high grade surgical stainless steel and plated in pure gold at 5-10 mils thick. These cubic zirconia earrings have a diamond-like quality, and can stand on their own or accompany another pair in a second hole. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Approximately 1/4 inch diameter in size.

Drops and French Wires

**Gold Violet Crystal Heart Earrings - JA173-C**

Hypoallergenic Gold Violet Crystal Heart Earrings: Hypoallergenic earrings are an excellent choice for anyone starting out with pierced ears. These earrings are subtle, cute, and classy, perfect for business attire at the office, just around the house, or a fun night out. The earring is mounted on a French hook earwire. The earwire itself is made from a base of surgical grade stainless steel electroplated with pure 24K gold and polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out. Plus, like all or styles, they clean up and shine with a rinse and quick buff with a cloth, if that is even necessary at all. You’ll find that they are durable, lightweight, easy to care for, and affordable.

Genuine faceted Swarovski® violet (purple) heart crystal on French hook made from a base of high grade surgical stainless steel and then electroplated in a thick layer of pure 24K gold. This combination of materials and construction produces a high degree of safety in our hypoallergenic earrings.

Size: 6mm wide x 20mm long (15/64 inch wide x 25/32 inch long).

Also available in silver:

**Silver Violet Crystal Heart Earrings – JA173-S**

The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out. Plus, like all or styles, they clean up and shine with a rinse and quick buff with a cloth, if that is even necessary at all. You’ll find that they are durable, lightweight, easy to care for, and affordable.

Genuine faceted Swarovski® violet (purple) heart crystal on French hook made from a base of high grade surgical stainless steel. This combination of materials and construction produces a high degree of safety in our hypoallergenic earrings.

Size: 6mm wide x 20mm long (15/64 inch wide x 25/32 inch long).

Also available in gold:

**Gold Violet Crystal Heart Earrings – JA173-C**

The Sensitively Yours allergy free line of products is made from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings have been the best solution for metal allergy. Sensitive ears have also been protected through the use of surgical steel, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

Sterling Silver Teardrop Earrings - JCL030

Allergy Free Sterling Silver Teardrop Earrings handcrafted by Christie Leighton Jewelry. Created using a 24mm sterling silver teardrop frame on a French earwire made of high-grade surgical stainless steel. The earwire is made from a base of jewelry grade surgical stainless steel and then polished to a high silver luster. The sterling silver frame is the perfect shape and size to compliment a wardrobe for a day at work as well as a night out. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of losing them. Like all our styles, they shine up quick with a buff with a cloth, if ever needed. Size: Earrings measure approximately 7/8 inch (24mm) from top of earwire.

Christie takes great pride in bringing to Sensitively Yours the variety of styles that have proven to be successful and highly valued by our customers. Each style is carefully created to reflect a simple beauty of design while avoiding being cumbersome to wear. Some of the styles Christie displays at Sensitively Yours website are from the same highly prized collections she sells in her local shows near Fort Collins, Colorado. Not to be found anywhere else online, the Christie Leighton Jewelry is exclusively offered at our site. She prefers elegant designs that are a league above most of the commonly found earrings, especially in hypoallergenic choices.

The stoppers give you confidence of a safe and secure fit so you can wear them without the fear of them getting lost.

Christie brings to Sensitive Yours a variety of specialty designs that have been highly valued by our customers. All of her artisan-crafted pieces are designed to display a classy look and charm while also being comfortable to wear. Most of the styles Christie displays at Sensitive Yours website are from the same collections she sells in her local craft shows around Fort Collins, Colorado. Sold nowhere else on the Internet, the Christie Leighton Jewelry is exclusively offered at our site. She creates elegant styles that are a league above most of the hypoallergenic earrings.
Sensitive Ears Mother of Pearl Square with Silver Diamond Frame Earrings by Christie Leighton Jewelry. Created using an 8mm mother of pearl square bead which hangs from a 6mm sterling silver diamond frame. The earring hangs from a surgical steel French earwire. The earring measures approximately 30mm (1 inch) from the top of the earwire.

$19.95

**Silver Textured Rectangle Earrings - JCL044**

For your sensitive ears ... Silver Textured Rectangle Earrings handcrafted by Christie Leighton Jewelry. The rectangle is expertly hammered to give it a rich, textured look that catches the light perfectly. The earring is mounted on a French hook earwire. The earwire itself is made from a base of surgical grade stainless steel and then polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out.

Christie brings to Sensitively Yours a wide variety of handmade artistic designs that have been very much appreciated by our customers. All of her works are designed to display a look of class and charm while also being easy to wear. Most of the styles Christie displays at Sensitively Yours website are from the very same collections she markets in her local craft shows in and around Fort Collins, Colorado. Found nowhere else on the Internet, the Christie Leighton Jewelry is exclusively offered at our site. She creates the most elegant styles that are several notches above most of the hypoallergenic earrings.

Sensitive Ears Silver Textured Rectangle Earrings by Christie Leighton Jewelry. Created using a 10mm x 16mm textured sterling silver rectangle. The earring hangs from a surgical steel French earwire. The earring measures approximately 30mm (1 inch) from the top of the earwire.

January Birthstone Garnet Earrings - JCL001
Hypoallergenic earrings in January Birthstone Garnet handcrafted by Christie Leighton Jewelry. Created using a 6mm genuine faceted Swarovski® crystal simulated peridot hanging from a ball post. The parts and post are made from a base of jewelry grade surgical stainless steel and then polished to a beautiful silver sheen. These birthstone earrings are delicate, vivid, and gorgeous, wearing well for any purpose or outing. Each pair is accompanied by a set of earring backs (butterfly style) made with the same 304 stainless steel material. The grooved post provides a snap fit so you can wear them in any activity without the risk of losing them. Additionally, like all our styles, they are easy to clean with a cloth, if needed. Highly durable and safe to wear in the shower or to bed. Size: The crystal hangs approximately 1/3 inch (10mm) below the post. Size: The crystal hangs approximately 1/3 inch (10mm) below the post.

As Always ...

The Sensitively Yours allergy free products are made from metals with a long history of effectiveness in avoiding any allergic reaction to earrings. The surgical steel earrings have been the top solution to address a metal allergy. Sensitive ears are also protected by the use of pure gold plating for our gold styles, to stop the reaction caused by nickel allergy. Targeted on creating and offering the best in earrings for sensitive ears, Sensitively Yours tests and selects the styles that are both beautiful and safe. Countless customers over the years from customers who were allergic to earrings now have found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

$9.95

September Birthstone Sapphire Earrings - JCL009

Hypoallergenic earrings in September Birthstone Sapphire handcrafted by Christie Leighton Jewelry. All of the parts are made from high grade surgical stainless steel and then polished to a beautiful silver luster. These birthstone earrings are bursting with color and classy, an excellent choice for any setting. Every set comes with a pair of earring backs (clutches) also made with surgical stainless steel. The notched post provides a safe click-fit so you can wear them in any activity without the risk of them falling out. Also, like all our items, they can be easily cleaned with a quick buff of a cloth, if even needed. Highly durable and fine to wear in the shower or to bed. Size: The crystal hangs approximately 1/3 inch (10mm) below the post.

The Sensitive Yours hypoallergenic products are constructed from materials with a history of success in avoiding allergic reaction to earrings. The surgical steel earrings have been the top choice for many when it comes to metal allergy. Sensitive ears have also been protected by the use of 24k gold, to avoid the reaction caused by nickel allergy. Committed to creating and offering the best in earrings for sensitive ears, we test and choose the styles that are both beautiful and safe. Many letters over the years from our customers who were allergic to earrings are now happy they found an answer that works. As devotion of our commitment, we offer the Lifetime Guarantee Against Reaction.

$9.95
October Birthstone Rose Earrings - JCL010

Hypoallergenic earrings in October Birthstone Rose handcrafted by Christie Leighton Jewelry. Created using a 6mm genuine faceted Swarovski® rose crystal dangling from a post made of high grade surgical stainless steel. The parts and post are made from a base of jewelry grade surgical stainless steel and then polished to a high silver shine. The October Birthstone Rose Earrings are vivid, dainty, and classy, great for any purpose or event. Each pair comes with a set of earring backs (clutches) made with the identical surgical stainless steel material. The notched post gives you a secure fit so they can be worn in any circumstance without the risk of them getting lost. Also, like all our offerings, their shine is restored with a quick buff with a cloth, if needed. Wonderfully durable and fine to wear in the shower or to bed. Size: The crystal hangs approximately 1/3 inch (10mm) below the post.

The Sensitivey Yours "earrings for sensitive ears" products are made from metals and materials with a great history in preventing any allergic reaction to earrings. The surgical steel earrings have been "the" solution for metal allergy. Sensitive ears have also been protected through the use of 24k gold, to avoid the reaction caused by nickel allergy. Focused on creating and offering the top choices in hypoallergenic earrings, we verify, evaluate, and choose the styles that are both very beautiful and safe. Countless testimonials over the years from customers who were allergic to earrings now have found an answer that really works. As a statement of our commitment, we offer the Lifetime Guarantee Against Reaction.

Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out.
Earrings measure approximately 1 5/8 inches (40 mm) from top of earwire. Pendant is approximately 5/8 inch (15 mm) wide.
The designer, Craig Forbes, has been making his unique creations for many years in Sterling, Colorado. He prefers a bolder look with interesting artifacts and color selections that make his artistry stand out from the rest. Each of the hooks, posts, and wires that touch the piercing are made from hypoallergenic parts to provide you with the best protection possible.
Craig will be introducing new styles with each season and will continue to do so for a long time in the future. Committed to excellence and continually looking for fresh variety, the Craig Forbes Designs line of earrings and other hypoallergenic jewelry will evolve and grow in the coming years. Craig prefers the weaved look and selects more substantial stones for some of his work. However, he also diverges and offers some surprises in his offerings as he explores different ideas and brings them to you through Sensitively Yours.

Gift Boxes of Earrings

**Gift Box of 5 Classic Silver Earrings - GB009**

Here are five matching designs of silver earrings for sensitive ears assembled in one collection for your shopping pleasure. Reduced down $1.00 off of each style, saving $5.00 off of the price to buy each one on its own. Here are 5 of our most famous silver earring styles in stainless steel assembled for you in one gift box, great for any occasion. Each of the styles was chosen from our collection of classic silver earrings that our customers absolutely love.

Parents and grandparents both like the simplicity of the gift box. It saves time over picking them out individually and instantly gives them a selection of carefully chosen patterns. Getting this assortment is like receiving a whole week's worth of earrings -- a different one for each day!

The earring body and post are made from high grade surgical stainless steel and then polished to a mirror-like shine. These classic earrings are pretty and charming. Each set comes with a pair of earring backs (clutches) made with the identical surgical stainless steel material. The grooved post provides a safe and secure fit so they can be worn in any circumstance without the risk of them getting lost.

As with all of our earrings, each of these earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time someone who purchased our earrings develops a reaction to them, we will take the earrings back and refund the purchasing cost. It's very rare that such a sensitivity increase occurs, but if it does, you can rest assured that you can get your money back.

Each pair comes with a set of earring backs (clutches) made with the same surgical stainless steel material and gold plating. The notched post provides a safe fit so they can wear them anywhere and any place without the risk of them falling out.

Like all of our earrings, each of these children's earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time the wearer develops irritation, we will take the earrings back and refund the purchasing cost. It's very rare that such a sensitivity increase happens, but if it does, you can rest assured that you can get your money back.

Gift Box of 5 Children's Silver Earrings - GB006

Check this out! Five matching designs of children's earrings for sensitive ears assembled in one collection for your shopping efficiency. Cut down $1.00 off of each style, saving $5.00 off of the price to buy each one on its own. Here are 5 of our most loved children's earring designs in silver, assembled for you in one gift box, excellent for any occasion. Each of the styles was chosen from our collection of children's earrings that parents and grandparents have purchased the most.

Parents and grandparents alike love the ease of the gift box method. It saves effort over picking them individually and inherently gives them a combination of similar designs. Receiving this assortment is like getting a whole week's worth of earrings — a different one for each day!

The earring body and post are made from high grade surgical stainless steel and then polished to a mirror-like shine. These children's earrings are fun and rich in character. Each pair comes with a set of earring backs (clutches) made with the same surgical stainless steel material. The notched post provides a secure fit so they can be worn anywhere without the risk of them getting lost.

As with all of our earrings, each of these children's earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time someone who purchased our earrings develops a reaction to them, we will take the earrings back and refund the purchasing cost. It's very rare that such a sensitivity increase occurs, but if it does, you can rest assured that you can get your money back.

$45.75 $40.75

Gift Box of 5 Children's Silver Earrings - GB005

Wow! Five matching designs of children's earrings for sensitive ears assembled in one collection for your shopping simplicity. Reduced down $1.00 off of each style, saving $5.00 off of the price to buy each one on its own. Here are 5 of our most popular children's earring styles in silver, assembled for you in one gift box, excellent for any occasion. Each of the earrings was chosen from our collection of styles of children's earrings that the kids love to wear.

Parents and grandparents both love the simplicity of the gift box. It saves time over picking them one-by-one and automatically gives them a combo of similar themes. Getting this box of goodies is like getting a whole week's worth of earrings — a different one for each day!

The earring body and post are made from high grade surgical stainless steel and then polished to a mirror-like shine. These children's earrings are cute and full of character. Each set comes with a pair of earring backs (clutches) made with the identical surgical stainless steel material. The notched post provides a secure fit so they can be worn anywhere without the risk of them getting lost.

As with all of our earrings, each of these children's earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time someone who purchased our earrings develops a reaction to them, we will take the earrings back and refund the purchasing cost. It's very rare that such a sensitivity increase occurs, but if it does, you can rest assured that you can get your money back.

$42.75 $42.75
Gift Box of 5 Children’s Gold Earrings - GB002

Five coordinated styles of children’s earrings for sensitive ears assembled in one collection for your shopping pleasure. Reduced in price down $1.00 off of each style, saving $5.00 off of the price to buy each separately. Here are five of the most favorite children’s earring styles in gold, all in one gift box, great for any occasion. Each of the styles was chosen from our most popular styles of children’s earrings that the kids love to wear.

The parts and post are made from a base of surgical stainless steel and given a thick layer of gold plating for super protection. These children’s earrings are adorable and full of charm. Every pair comes with a set of earring backs made with the same surgical stainless steel material and gold plating. The grooved post provides a safe fit so they can wear them in any circumstance without the risk of losing them.

As with all of our earrings, each of these kids earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time the wearer gets a reaction, we will take the earrings back and send you your purchasing cost. It’s very rare that such a sensitivity increase happens, but if it does, you can be certain that you can get a refund.

Hoop Earrings

**Hoop Of Hearts Earrings - JA210**

For hypoallergenic earrings, check out these Gold Hoop Of Hearts Earrings: The hoop and post are made from a base of high grade surgical stainless steel and then electroplated in a thick layer of pure 24K gold. These earrings are subtle, cute, and classy, perfect for business attire at the office, just around the house, or a fun night out. Each pair comes with a matching set of earring backs (butterfly type) made with the same durable, hypoallergenic materials. The notched post provides a secure fit so you can wear them comfortably in any circumstance without risk of them falling out and being lost. Plus, like all our styles, they clean up and shine with a rinse and quick buff with a cloth, if that is even necessary at all. Safe to wear in the shower or even to bed. Easy to wear and care for, helping you look your best. Size: 4mm wide x 12mm long (5/32 inch wide x 15/32 inch long).

The Sensitively Yours allergy free line of products is made from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings have been the best solution for metal allergy. Sensitive ears have also been protected through the use of pure gold, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

The Sensitively Yours allergy free line of products is made from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings have been the best solution for metal allergy. Sensitive ears have also been protected through the use of surgical steel, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

$9.95 $4.95

Small Enhancer Hoop with Pearl Earrings - JA142

For the best earrings for sensitive ears, check out these Small Enhancer Hoop with Pearl Earrings: The hoop and post made from a base of high grade surgical stainless steel and then electroplated in a thick layer of pure 24K gold. 4mm (5/32 inch) ball threaded on a round gold hoop with a 3mm gold ball on the end. These earrings are subtle, cute, and classy, perfect for business attire at the office, just around the house, or a fun night out. Each pair comes with a matching set of earring backs (butterfly type) made with the same durable, hypoallergenic materials. The notched post provides a secure fit so you can wear them comfortably in any circumstance without risk of them falling out and being lost. Plus, like all or styles, they clean up and shine with a rinse and quick buff with a cloth, if that is even necessary at all. Safe to wear in the shower or even to bed. Easy to wear and care for, helping you look your best. Size: 15mm in diameter (19/32 inch).

The Sensitively Yours allergy free line of products is made from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings have been the best solution for metal allergy. Sensitive ears have also been protected through the use of pure gold, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. Silver Earrings

3mm Cubic Zirconia Silver Earrings - JAZ154S
Earrings for sensitive ears in 3mm Cubic Zirconia Silver Earrings: Hypoallergenic stainless steel earrings serve as an excellent choice for anyone with pierced ears. Whether they have been recently pierced or have been wearing pierced earrings for a long time, hypoallergenic stainless steel earrings ideally fill the need. Durable, lightweight, easy to care for, and affordable, crystal studs fit your daily wardrobe perfectly. These earrings have a blunt, notched post for all day long wearing. The base material is surgical stainless steel for your hypoallergenic protection against irritation and are comfortable wearing from morning until night and beyond. Well-balanced and full of fire like expensive diamonds at a fraction of the cost.

The hypoallergenic metal finding and post are made from high grade surgical stainless steel and polished to a mirror finish. These cubic zirconia earrings have a diamond-like quality, and can stand on their own or accompany another pair in a second hole. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Approximately 1/8 inch diameter in size.

The Sensitively Yours allergy free line of products originate from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings work as the best solution for metal allergies. Sensitive ears have also been protected through the use of surgical steel, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. The base material is surgical stainless steel for your hypoallergenic protection against irritation and are comfortable wearing from morning until night and beyond. Well-balanced and full of fire like expensive diamonds at a fraction of the cost.

The hypoallergenic metal finding and post are made from high grade surgical stainless steel and polished to a mirror finish. These cubic zirconia earrings have a diamond-like quality, and can stand on their own or accompany another pair in a second hole. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Approximately 3/8 by 1/8 inches.
The Sensitively Yours allergy free line of products originate from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings work as the best solution for metal allergies. Sensitive ears have also been protected through the use of surgical steel, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

Sterling Silver Teardrop Earrings - JCL030

Allergy Free Sterling Silver Teardrop Earrings handcrafted by Christie Leighton Jewelry. Created using a 24mm sterling silver teardrop frame on a French earwire made of high-grade surgical stainless steel. The earwire is made from a base of jewelry grade surgical stainless steel and then polished to a high silver luster. The sterling silver frame is the perfect shape and size to complement a wardrobe for a day at work as well as a night out. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of losing them. Like all our styles, they shine up quick with a buff with a cloth, if ever needed. Size: Earrings measure approximately 7/8 inch (24mm) from top of earwire.

Christie takes great pride in bringing to Sensitively Yours the variety of styles that have proven to be successful and highly valued by our customers. Each style is carefully created to reflect a simple beauty of design while avoiding being cumbersome to wear. Some of the styles Christie displays at Sensitively Yours website are from the same highly prized collections she sells in her local shows near Fort Collins, Colorado. Not to be found anywhere else online, the Christie Leighton Jewelry is exclusively offered at our site. She prefers elegant designs that are a league above most of the commonly found earrings, especially in hypoallergenic choices.

Silver Aqua Crystal Heart Earrings - JA173-B

Silver Aqua Crystal Heart Earrings: Surgical steel earrings are an excellent choice for anyone starting out with pierced ears. These earrings are subtle, cute, and classy, perfect for business attire at the office, just around the house, or a fun night out. The earring is mounted on a French hook earwire. The earwire itself is made from a base of surgical grade stainless steel and polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out. Plus, like all or styles, they clean up and shine with a rinse and quick buff with a cloth, if that is even necessary at all. You’ll find that they are durable, lightweight, easy to care for, and affordable.

Genuine faceted Swarovski® aqua (blue) heart crystal on French hook made from a base of high grade surgical stainless steel. This combination of materials and construction produces a high degree of safety in our hypoallergenic earrings.

Size: 6mm wide x 20mm long (15/64 inch wide x 25/32 inch long).

Also available in gold:

3mm Cubic Zirconia Gold Earrings - JAZ154G
Earrings for sensitive ears in 3mm Cubic Zirconia Gold Earrings: Hypoallergenic gold earrings serve as an excellent choice for anyone with pierced ears. Whether they have been recently pierced or have been wearing pierced earrings for a long time, hypoallergenic gold earrings ideally fill the need. Durable, lightweight, easy to care for, and affordable, crystal studs fit your daily wardrobe perfectly. These earrings have a blunt, notched post for all day long wearing. The base material is surgical stainless steel for your hypoallergenic protection against irritation and also plated in 24k gold. Well-balanced and full of fire like expensive diamonds at a fraction of the cost.

The hypoallergenic metal finding and post are made from high grade surgical stainless steel and plated in pure gold at 5-10 mils thick. These cubic zirconia earrings have a diamond-like quality, and can stand on their own or accompany another pair in a second hole. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Approximately 1/8 inch diameter in size.

The Sensitive Yours allergy free line of products originate from materials with a great history of success in preventing any allergic reaction to earrings. 3mm Cubic Zirconia Silver Earrings - JAZ154S

Earrings for sensitive ears in 3mm Cubic Zirconia Silver Earrings: Hypoallergenic stainless steel earrings serve as an excellent choice for anyone with pierced ears. Whether they have been recently pierced or have been wearing pierced earrings for a long time, hypoallergenic stainless steel earrings ideally fill the need. Durable, lightweight, easy to care for, and affordable, crystal studs fit your daily wardrobe perfectly. These earrings have a blunt, notched post for all day long wearing. The base material is surgical stainless steel for your hypoallergenic protection against irritation and are comfortable wearing from morning until night and beyond. Well-balanced and full of fire like expensive diamonds at a fraction of the cost.

The hypoallergenic metal finding and post are made from high grade 304 grade surgical stainless steel and polished to a mirror finish. These cubic zirconia earrings have a diamond-like quality, and can stand on their own or accompany another pair in a second hole. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Approximately 1/8 inch diameter in size.

**Gift Box of 5 Children's Gold Earrings - GB008**

Five matching styles of children’s earrings for sensitive ears put together in one collection for your shopping ease. Marked down $1.00 off of each style, saving $5.00 off of the price to buy each separately. Here are 5 of our most loved children's earring styles in gold, assembled for you in one gift box, perfect for every occasion. Each of the styles was chosen from our most popular styles of children’s earrings that the kids love to wear.

The parts and post are made from a base of high grade surgical stainless steel and then given a thick layer of gold plating for extra protection. These children's earrings are cute, fun, and full of character. Each pair comes with a set of earring backs (clutches) made with the same surgical stainless steel material and gold plating. The notched post provides a secure fit so they can wear them anywhere without the risk of them falling out.

Like all of our earrings, each of these childrens earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time the wearer develops a reaction, we will take the earrings back and refund you your purchasing cost. It's very rare that such a sensitivity increase happens, but if it does, you can rest assured that you can get your money back.

$66.75 $45.75

**Gift Box of 5 Children's Gold Earrings - GB007**

Excellent choices! Five matching styles of childrens earrings for sensitive ears assembled in one spot for your shopping pleasure. Marked down $1.00 off of each style, saving $5.00 off of the price to buy each separately. Here are 5 of our most loved children's earring styles in gold, brought together for you in one gift box, ideal for any occasion. Each of the styles were picked from our most popular designs of children's earrings that the kids love to receive for birthdays, celebrations, or just because you love them.

Parents and grandparents alike appreciate the simplicity of the gift box method. It saves time over selecting them individually and automatically gives them a combination of carefully chosen themes. Getting this assortment is like getting a whole week's worth of different earrings -- a different one for each day!

The shape and post are made from a base of high grade surgical stainless steel and then given a thick layer of gold plating for full protection. These children's earrings are cute and fun. Each pair comes with a set of earring backs (clutches) made with the same surgical stainless steel material and gold plating. The grooved post provides a safe fit so they can wear them anywhere and any place without the risk of them falling out.

Like all of our earrings, each of these childrens earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time the wearer develops irritation, we will take the earrings back and refund the purchasing cost. It's very rare that such a sensitivity increase happens, but if it does, you can rest assured that you can get your money back.

$62.75 $47.75

**Gift Box of 5 Children's Silver Earrings - GB006**

Check this out! Five matching designs of childrens earrings for sensitive ears assembled in one gift box, perfect for any occasion. Each of the styles was chosen from our collection of children's earrings that parents and grandparents have purchased the most.

Parents and grandparents alike love the ease of the gift box method. It saves effort over picking them individually and inherently gives them a combination of similar designs. Receiving this assortment is like getting a whole week's worth of earrings -- a different one for each day!

The earring body and post are made from high grade surgical stainless steel and then polished to a mirror like shine. These children's earrings are fun and rich in character. Each pair comes with a set of earring backs (clutches) made with the same surgical stainless steel material. The notched post provides a secure fit so they can be worn anywhere without the risk of them getting lost.

As with all of our earrings, each of these childrens earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time someone who purchased our earrings develops a reaction to them, we will take the earrings back and refund the purchasing cost. It's very rare that such a sensitivity increase occurs, but if it does, you can rest assured that you can get your money back.

Studex Hypoallergenic Earrings

Stainless Steel Daisy AB Crystal March Aquamarine Earrings - S6153WSTX

Earrings for sensitive ears in stainless steel crystal daisies. Dazzling in the light, these Studex Stainless Steel Daisy AB Crystal March Aquamarine Earrings are ideal for all kids. This type is the "Fashion" style and is not "for piercing". Each of the earrings have a rounded, notched post for secure wear all day long. The base metal is constructed of surgical stainless steel for hypoallergenic protection against reactions and then polished to a mirror finish. Their size is approximately ¼ inch in diameter.

The daisy styles are a big hit with kids. With six crystals in each setting, this design captures the light at every angle. The Aurora borealis crystals sparkle with a iridescent multi-color effect named for the northern lights, and the aquamarine blue center perfectly complements the look. Each pair comes with a set of earring backs made with the same surgical stainless steel material. The grooved post provides a secure fit so they can wear them without losing them. Beautiful and tough, they are also fine to wear in the shower, bath, or to bed.

Since 1976, Studex has been an industry leader in manufacturing fashion earrings for sensitive ears. They have uncompromising commitment to quality. They exceed US FDA regulations and EC standards. They strive to provide customers with the highest quality products, and they are now at your fingertips with Sensitively Yours.

In addition to their commitment to quality, they are also entirely made in the USA. They manufacture all their products and components in their own American-based facilities. Close attention is given to quality control and a superb finished product. Backed by a lifetime guarantee against reaction.

$15.00 $12.95

Gold Plated 3MM Simulated White Pearl Earrings - S673STX

Earrings for sensitive ears in simulated white pearls. Look elegant and stylish wearing these Studex Gold Plated 3MM Simulated White Pearl Earrings (Sensitive). This type is the "Fashion" style and is not "for piercing". Each of the earrings have a rounded, notched post for comfortable wear all day long. The base metal is constructed of surgical stainless steel for your hypoallergenic protection against irritation and then plated in pure gold. Their size is approximately 1/8 inch in diameter.

These simulated white pearls are ideal in shape and color, the perfect jewelry whether for the job out for a big event. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in 24k gold. The grooved post provides a secure fit so you can wear them all the time without the risk of them falling out. Extremely durable and safe to wear in the shower or to bed.

Since 1976, Studex has been an industry leader in manufacturing fashion earrings for sensitive ears. They have uncompromising commitment to quality. They exceed US FDA regulations and EC standards. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in 24k gold. The grooved post provides a secure fit so anyone can wear them without the fear of them getting lost. Highly durable and safe to wear in the shower, bath, or to bed.

Since 1976, Studex has been an industry leader in manufacturing fashion earrings for sensitive ears. They have uncompromising commitment to quality. They exceed US FDA regulations and EC standards. They strive to provide customers with the highest quality products, and they are now at your fingertips with Sensitively Yours.

In addition to their commitment to quality, they are also entirely made in the USA. They manufacture all their products and components in their own American-based facilities. Close attention is given to quality control and a superb finished product. Backed by a lifetime guarantee against reaction, Sensitively Yours is pleased and proud to carry their line of Sensitive Earrings.

£15.00 $12.95
Gold Plated Daisy with Light Rose and Fuchsia Earrings - S6023STX

Earrings for sensitive ears in gold plated crystal daisies. Sparkling and dazzling, these Studex Gold Plated Daisy Light Rose and Fuchsia Earrings are a favorite among kids. This type is the "Fashion" style and is not "for piercing". Each of the earrings have a rounded, grooved post for safe and secure wear all day long. The base metal is constructed of surgical stainless steel for hypoallergenic protection against irritation and then plated in 24k gold. Their size is approximately ¼ inch in diameter.

The daisy pattern earrings are very popular with children. With six crystals in each setting, this design captures the light at every angle. Each pair also comes with a set of earring backs made with the same surgical stainless steel material plated in 24k gold. The grooved post gives the wearer a secure fit so they can be worn without getting lost. Attractive, yet tough, they are also fine to wear in the shower, bath, or to bed.

$15.00 $12.95

Stainless Steel Daisy April Crystal September Sapphire Earrings - S6049WSTX

Earrings for sensitive ears in stainless steel crystal daisies. Dazzling in the light, these Studex Stainless Steel Daisy April Crystal September Sapphire Earrings are ideal for all kids. This type is the "Fashion" style and is not "for piercing". Each of the earrings have a rounded, notched post for secure wear all day long. The base metal is constructed of surgical stainless steel for hypoallergenic protection against reactions and then polished to a mirror finish. Their size is approximately ¼ inch in diameter.

The daisy styles are a big hit with kids. With six crystals in each setting, this design captures the light at every angle. The April crystals shine like tiny diamonds, and the sapphire blue center perfectly compliments the look. Each pair comes with a set of earring backs made with the same surgical stainless steel material. The grooved post provides a secure fit so they can wear them without losing them. Beautiful and tough, they are also fine to wear in the shower, bath, or to bed.
