

Childrens Earrings

Stainless Steel Daisy AB Crystal March Aquamarine Earrings - S6153WSTX

Earrings for sensitive ears in stainless steel crystal daisies. Dazzling in the light, these Studex Stainless Steel Daisy AB Crystal March Aquamarine Earrings are ideal for all kids. This type is the "Fashion" style and is not "for piercing". Each of the earrings have a rounded, notched post for secure wear all day long. The base metal is constructed of surgical stainless steel for hypoallergenic protection against reactions and then polished to a mirror finish. Their size is approximately 1/4 inch in diameter.

The daisy styles are a big hit with kids. With six crystals in each setting, this design captures the light at every angle. The Aurora Borealis crystals sparkle with a iridescent multi-color effect named for the northern lights, and the aquamarine blue center perfectly compliments the look. Each pair comes with a set of earring backs made with the same surgical stainless steel material. The grooved post provides a secure fit so they can wear them without losing them,. Beautiful and tough, they are also fine to wear in the shower, bath, or to bed.

Since 1976, Studex has been an industry leader in manufacturing fashion earrings for sensitive ears. They have uncompromising commitment to quality. They exceed US FDA regulations and EC standards. They strive to provide customers with the highest quality products, and they are now at your fingertips with Sensitively Yours.

In addition to their commitment to quality, they are also entirely made in the USA. They manufacture all their products and components in their own American-based facilities. Close attention is given to quality control and a superb finished product. Backed by a lifetime guarantee against reaction

Gift Box of 5 Children's Gold Earrings - GB008

New for 2018! Five matching styles of childrens earrings for sensitive ears put together in one collection for your shopping ease. Marked down \$1.00 off of each style, saving \$5.00 off of the price to buy each separately. Here are 5 of our most loved children's earring styles in gold, assembled for you in one gift box, perfect for every occasion. Each of the styles was chosen from our most popular styles of children's earrings that the kids love to wear.

The parts and post are made from a base of high grade surgical stainless steel and then given a thick layer of gold plating for extra protection. These children's earrings are cute, fun, and full of character. Each pair comes with a set of earring backs (clutches) made with the same surgical stainless steel material and gold plating. The grooved post provides a secure fit so they can wear them anywhere without the risk of them falling out.

Like all of our earrings, each of these childrens earrings for sensitive ears are backed by our lifetime guarantee against sensitivity. If at any time the wearer develops a reaction, we will take the earrings back and refund you your purchasing cost. It's very rare that such a sensitivity increase happens, but if it does, you can rest assured that you can get your money back.

Gold Plated Butterfly Emerald Earrings - S2005STX

Studex Gold Plated - Butterfly Emerald (Sensitive)

Earrings for sensitive ears in gold plated butterflies. Sparkling and dazzling, these Studex Gold Plated Butterfly Emerald Earrings are wonderful for kids of all ages. This type is the "Fashion" style and is not "for piercing". Each of the earrings have a rounded, notched post for safe and secure wear all day long. The base metal is constructed of stainless steel for hypoallergenic protection against reactions and then plated in pure gold. Their size is approximately ¼ inch wide.

These crystals in the butterfly pattern are quite striking. It's like wearing a sparkling, colorful crystal butterfly in each ear! Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in 24k gold. The grooved post provides a secure fit so anyone can wear them without the fear of them falling out. Very durable and safe to wear in the shower, bath, or to bed.

Since 1976, Studex has been an industry leader in manufacturing fashion earrings for sensitive ears. They have uncompromising commitment to quality. They exceed US FDA regulations and EC standards. They strive to provide customers with the highest quality products, and they are now at your fingertips with Sensitively Yours.

In addition to their commitment to quality, they are also entirely made in the USA. They manufacture all their products and components in their own American-based facilities. Close attention is given to quality control and a superb finished product. Backed by a lifetime guarantee against reaction, Sensitively Yours is pleased and proud to carry their line of Sensitive Earrings.

Gold Plated Daisy with April Crystal and October Rose - S6410STX

Earrings for sensitive ears in gold plated crystal daisies. Sparkling and darling, these Studex Gold Plated Daisy April Crystal Earrings are perfect for kids of all ages. This type is the "Fashion" style and is not "for piercing". Each of the earrings have a rounded, notched post for secure wear all day long. The base metal is constructed of stainless steel for hypoallergenic protection against reactions and then plated in pure gold. Their size is approximately ¼ inch in diameter.

The daisy pattern earrings are a huge favorite with kids. With 6 crystals in each earring, this style captures the light at every angle. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in 24k gold. The notched post provides a safe and secure fit so they can wear them without getting lost. Beautiful, yet tough, they are also safe to wear in the shower, bath, or to bed.

Since 1976, Studex has been an industry leader in manufacturing fashion earrings for sensitive ears. They have uncompromising commitment to quality. They exceed US FDA regulations and EC standards. They strive to provide customers with the highest quality products, and they are now at your fingertips with Sensitively Yours.

In addition to their commitment to quality, they are also entirely made in the USA. They manufacture all their products and components in their own American-based facilities. Close attention is given to quality control and a superb finished product. Backed by a lifetime guarantee against reaction, Sensitively Yours is pleased and proud to carry their line of Sensitive Earrings.
