

Silver Earrings

2mm Cubic Zirconia Silver Earrings - JAZ466S

Earrings for sensitive ears in 2mm Cubic Zirconia Silver Earrings: Hypoallergenic stainless steel earrings serve as an excellent choice for anyone with pierced ears. Whether they have been recently pierced or have been wearing pierced earrings for a long time, hypoallergenic stainless steel earrings ideally fill the need. Durable, lightweight, easy to care for, and affordable, crystal studs fit your daily wardrobe perfectly. These earrings have a blunt, notched post for all day long wearing. The base material is surgical stainless steel for your hypoallergenic protection against irritation and are comfortable wearing from morning until night and beyond. Well-balanced and full of fire like expensive diamonds at a fraction of the cost.

The hypoallergenic metal finding and post are made from high grade 304 grade surgical stainless steel and polished to a mirror finish. These cubic zirconia earrings have a diamond-like quality, and can stand on their own or accompany another pair in a second hole. Each pair comes with a set of earring backs made with the same surgical stainless steel material plated in gold. The grooved post provides a secure fit so you can wear them in any situation without the risk of them getting lost. Very durable and safe to wear in the shower or to bed.

Approximately 1/16 inch diameter in size.

The Sensitively Yours allergy free line of products originate from materials with a great history of success in preventing any allergic reaction to earrings. The surgical steel earrings work as the best solution for metal allergies. Sensitive ears have also been protected through the use of surgical steel, to block the reaction caused by nickel allergy. Focused on creating and offering the best in earrings for sensitive ears, we test and select the styles that are both very attractive and optimally safe. Many testimonials over the years are from customers who were allergic to earrings, but now found an answer that truly works. As evidence of our commitment, we offer the Lifetime Guarantee Against Reaction.

Sterling Silver Teardrop Earrings - JCL030

Allergy Free Sterling Silver Teardrop Earrings handcrafted by Christie Leighton Jewelry. Created using a 24mm sterling silver teardrop frame on a French earwire made of high-grade surgical stainless steel. The earwire is made from a base of jewelry grade surgical stainless steel and then polished to a high silver luster. The sterling silver frame is the perfect shape and size to compliment a wardrobe for a day at work as well as a night out. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of losing them. Like all our styles, they shine up quick with a buff with a cloth, if ever needed. Size: Earrings measure approximately 7/8 inch (24mm) from top of earwire.

Christie takes great pride in bringing to Sensitively Yours the variety of styles that have proven to be successful and highly valued by our customers. Each style is carefully created to reflect a simple beauty of design while avoiding being cumbersome to wear. Some of the styles Christie displays at Sensitively Yours website are from the same highly prized collections she sells in her local shows near Fort Collins, Colorado. Not to be found anywhere else online, the Christie Leighton Jewelry is exclusively offered at our site. She prefers elegant designs that are a league above most of the commonly found earrings, especially in hypoallergenic choices.

Silver Star Flower Earrings on Silver French Hook - JA284-A

Silver Star Flower Earrings on Silver French Hook: Surgical steel earrings are an excellent choice for anyone starting out with pierced ears. These earrings are subtle, cute, and classy, perfect for business attire at the office, just around the house, or a fun night out. The earring is mounted on a French hook earwire. The earwire itself is made from a base of surgical grade stainless steel and polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out. Plus, like all our styles, they clean up and shine with a rinse and quick buff with a cloth, if that is even necessary at all. You'll find that they are durable, lightweight, easy to care for, and affordable.

Silver star flower on French wire made from a base of high grade surgical stainless steel and then electroplated in a thick layer of pure 24K gold. This combination of materials and construction produces a high degree of safety in our hypoallergenic earrings.

Size: 13mm wide by 22mm long (33/64 inch wide x 55/64 inch long).

Also available in gold, or on ball post:

Silver Aqua Crystal Heart Earrings - JA173-B

Silver Aqua Crystal Heart Earrings: Surgical steel earrings are an excellent choice for anyone starting out with pierced ears. These earrings are subtle, cute, and classy, perfect for business attire at the office, just around the house, or a fun night out. The earring is mounted on a French hook earwire. The earwire itself is made from a base of surgical grade stainless steel and polished to a mirror shine. Each pair comes with a set of clear plastic earwire stoppers. The stoppers give you confidence of a secure fit so you can wear them without the fear of them falling out. Plus, like all or styles, they clean up and shine with a rinse and quick buff with a cloth, if that is even necessary at all. You'll find that they are durable, lightweight, easy to care for, and affordable.

Genuine faceted Swarovski® aqua (blue) heart crystal on French hook made from a base of high grade surgical stainless steel. This combination of materials and construction produces a high degree of safety in our hypoallergenic earrings.

Size: 6mm wide x 20mm long (15/64 inch wide x 25/32 inch long).
